1 Consultation

1.1 Basis for consultation

1.1.1 The JFSC is issuing this consultation paper in accordance with Article 8(3) of the Commission Law, under which the JFSC “may, in connection with the carrying out of its functions [...] consult and seek the advice of such persons or bodies whether inside or outside Jersey as it considers appropriate”.

1.1.2 In addition, Article 15(3) of the Commission Law, requires that before the JFSC may introduce and publish any fee

“[T]he Commission must first publish a report that must include:

- (a) details of the duty or power for or in respect of which the fee is to be determined;
- (b) details of the proposed fee;
- (ba) details of the extent (if any) to which any penalties received have reduced the level of fee that would otherwise have been proposed;
- (c) a request for comments on the level of the proposed fee; and
- (d) a date, that is at least 28 days after the publication of the report, before which those comments may be made to the Commission”.

1.1.3 Article 15(4) of the Commission Law provides that should the JFSC and a Representative Body be unable to agree a fee that the JFSC must request the Bailiff to appoint 3 Jurats to consider if the fee proposed is unreasonable.

1.1.4 The JFSC considers that the proposed fee rates are reasonable and that this consultation paper constitutes such a report as required by the Commission Law.

1.2 Who will be affected by the proposed changes?

1.2.1 These amendments to fees will affect any person applying for, or having already been granted a permit to undertake insurance business.

1.3 Responding to the consultation

1.3.1 The JFSC invites comments, in writing, from interested parties on the content of this consultation paper.

1.3.2 Comments should be received by either Jersey Finance Limited or the JFSC no later than 27 September 2019.

1.4 Next steps

- 1.4.1 Following this consultation, the JFSC will publish feedback and the final fees notice in the third quarter of 2019. Firms will be notified when they need to use the myJFSC portal to collect their invoices.

2 The JFSC

2.1 Overview

- 2.1.1 The JFSC is a statutory body corporate established under the Commission Law. It is responsible for the supervision and development of financial services provided in or from within Jersey.
- 2.1.2 Article 15(2) of the Commission Law provides that fees set by the JFSC are to be retained and must, together with any other income:
- 2.1.2.1 Raise sufficient income to meet the JFSC's liabilities;
 - 2.1.2.2 Cover the JFSC's expenses; and
 - 2.1.2.3 Provide a reserve for the JFSC of such amount as it considers necessary.

2.2 The JFSC's functions

- 2.2.1 Article 5 of the Commission Law prescribes that the JFSC shall be responsible for:
- 2.2.1.1 The supervision and development of financial services provided in or from within Jersey;
 - 2.2.1.2 Providing the States, any Minister or any other public body with reports, advice, assistance and information in relation to any matter connected with financial services;
 - 2.2.1.3 Preparing and submitting to the Minister recommendations for the introduction, amendment or replacement of legislation appertaining to financial services, companies and other forms of business structure;
 - 2.2.1.4 Such functions in relation to financial services or such incidental or ancillary matters:
 - › As are required or authorised by or under any enactment, or
 - › As the States may, by Regulations, transfer; and
 - 2.2.1.5 Such other functions as are conferred on the JFSC by any other Law or enactment.

2.3 Guiding principles

- 2.3.1 Article 7 of the Commission Law provides that in exercising its functions the JFSC may take into account any appropriate matter, but that it shall have particular regard to:
- 2.3.1.1 The reduction of the risk to the public of financial loss due to dishonesty, incompetence or malpractice by, or the financial unsoundness of, persons carrying on the business of financial services in or from within Jersey;
 - 2.3.1.2 The protection and enhancement of the reputation and integrity of Jersey

in commercial and financial matters;

2.3.1.3 The best economic interests of Jersey; and

2.3.1.4 The need to counter financial crime in both Jersey and elsewhere.

3 Proposals

3.1 Proposed fee rate changes

3.1.1 The JFSC proposes to raise fee rates by 11.2% (rounded to the nearest £10). This comprises:

3.1.1.1 2.8%, being the most recent Jersey RPI prior to publication;

3.1.1.2 3.4% comprising a contribution towards meeting the significantly higher costs of a major project to enhance the JFSC's work in respect of countering financial crime which has already been initiated and benefits all sectors of the financial sector equally; and

3.1.1.3 A further 5% comprising a contribution to:

- › investment towards restoring the JFSC's reserves to a level of six months' total expenditure from the prior year.
- › investment towards building an enhanced data analytics function;
- › the final tranche in the increase of 15% in funding overall, in real terms, by end-2019, raised from this sector as from other sectors since 2015 to develop the quality of supervision.

3.1.2 No penalties have been levied on entities in the insurance sector which would be applied, to this sector only, to reduce these fees in the period immediately after receiving such penalties.

3.1.3 Similar fee increases were implemented in respect of FSB, AIF and CIF, CoBO and QSMA fee rates following Consultation Paper No. 4 2019 and will also be proposed to other industry sectors as part of their next fee cycles to ensure the burden of this increased funding requirement is fairly distributed.

3.1.4 A draft fees notice reflecting the proposal can be found in Appendix B.

3.1.5 Fees will be administered via firms' myJFSC portal accounts. Firms will receive an email prompt to notify them that an invoice is awaiting payment.

3.2 Fee proposals

3.2.1 In Consultation Paper No.5 2017, the JFSC explained that insurance business fee rates had been static since 2008 and that inflation had materially eroded their value. An increase of 18.1% was applied from 1 October 2017 in order to return insurance business fees, in real terms, to their 2008 level.

3.2.2 In Consultation Paper No.4 2017, the JFSC explained its intention to increase the amount of regulatory fees collected from industry by 15% above their 2015 level by 2019. We explained

cost drivers, including the need to recruit, maintain and train effective regulatory staff in a competitive market environment.

- 3.2.3 The proposals in this Consultation Paper seek to ensure that the 15% increase is, in real terms, achieved during 2019; to provide additional funding in support of the JFSC's work in respect of combatting financial crime; to enhance our data analytics capacity and to provide investment in the JFSC's reserves to return them to a level equal to at least six months' expenditure by 2022.
- 3.2.4 In 2021/2022, the Island will undergo its next MONEYVAL assessment. A strongly positive outcome to the assessment is considered crucial to the continued ability of the Island's financial services industry to access international markets efficiently. Jersey's Government has indicated that such an outcome to the assessment is one of its key targets over the course of the current Island Strategic Plan. In any event, the JFSC is of the view that the supervision of financial crime will require a significantly enhanced supervisory capacity in the next period having regard to the increasing sophistication and scale of financial crime risks.
- 3.2.5 The JFSC's efforts towards achieving a strongly positive outcome with regard to the forthcoming MONEYVAL assessment and tackling these financial crime risks are focused on demonstrating effective supervision as a key part of Jersey's AML/CFT regime, adequate remedial and enforcement activities, sufficient development of systems and data as well as ensuring the regime's overall compliance with FATF Recommendations. This work has already begun and the JFSC is currently building its Financial Crime supervision capacity.
- 3.2.6 The JFSC are liaising with Government to explore the possibility of bridging funding towards the cost of meeting the additional regulatory workload that is necessary. Whether or not Government do provide bridging funding, ultimately the cost of regulation will need to be borne by industry over the course of time.
- 3.2.7 Depending on the Insurance sector's perspective on the urgency of current policy development projects and priorities, the JFSC invites comment on the option of a further increase of 1.5% across the board which would be sufficient to fund an additional policy development resource devoted to Insurance-related policy development (products, insurance-sector-related fintech issues and the development of the legal framework for the insurance sector).
