1 Executive Summary

1.1 Overview

1.1.1 The JFSC issued the Consultation Paper on 3 May 2018. The purpose of the Consultation Paper was to seek views on proposals to:

- 1.1.1.1 Increase FSB, AIF and CIF fee rates (including the fee cap) by 3.6%
- 1.1.1.2 Increase CoBO fee rates by 3.6% with the exception of JPF annual fees
- 1.1.1.3 Increase JPF annual fees by 100%
- 1.1.1.4 Increase QSMA fees by 7.5%
- 1.1.1.5 Alter the wording relating to late payment of fees to make clear that interest becomes payable from the due date.

1.2 Feedback received

- 1.2.1 The consultation period closed on 8 June 2018. Two responses were received directly by the JFSC and no additional responses were received by Jersey Finance.
- 1.2.2 Section 2 of this Feedback Paper presents a summary of the substantive comments received and the JFSC's response, as appropriate, to each.
- 1.2.3 The JFSC is grateful to respondents for taking the time to consider and comment on the proposals. The final Fees Notices can be found from Appendices B to F.

1.3 Next steps

- 1.3.1 For the reasons given in this Feedback Paper, the JFSC will proceed with the following increases to the fee tariffs¹:
 - 1.3.1.1 Increase FSB, AIF and CIF fee rates (including the fee cap) by 3.2%
 - 1.3.1.2 Increase CoBO fee rates by 3.2% with the exception of JPF annual fees
 - 1.3.1.3 Increase JPF annual fees by 100%
 - 1.3.1.4 Increase QSMA fees by 7.5%
- 1.3.2 The Fees Notices (Appendices B to F) have been updated and will be published on the JFSC website.
- 1.3.3 The wording regarding late payment of fees included in the Consultation Paper will be included in the final published Fees Notices.
- 1.3.4 As in prior periods, the 2018 annual fees will be collected electronically i.e. by bank transfer, and payments will only be accepted by the JFSC, after 1 July 2018 from firms who have established a myJFSC account. myJFSC is a web portal designed to facilitate, among other things, the collection of annual fees. Invitations will be sent out to Compliance Officers (who for the purposes of this fee exercise will be addressed as Fee Contacts) by email after 1 July 2018 to set up a myJFSC account if they do not already have one. Please note that for security reasons the invitations will expire after five days. Full banking details for the settlement of fees were provided in the Consultation Paper and will also be available via the myJFSC portal.
- 1.3.5 All annual fees are determined as at 1 July 2018 and payable as at 31 July 2018. A late payment penalty will be due if the fees are not paid with a value date on or before 31 July 2018. The basis for the fees is detailed within the Fee Notices at Appendices B to F.

2 Summary of responses

2.1 Structure of this section

- 2.1.1 This section summarises the substantive comments received in response to the Consultation Paper. Whilst not every comment received is individually listed, this section contains summaries of the most commonly made and pertinent comments in relation to the question posed and, as appropriate, the JFSC's response to those comments.
- 2.1.2 One of the respondents welcomed the opportunity to provide feedback but advised that, after reviewing the proposals, it had no specific comments to raise. The other respondent (**Respondent**) provided a commentary on all proposals.
- 2.1.3 The Consultation Paper asked one question at section 3.3.1, "Do you agree with the proposed fee rate changes consulted on in this paper?" The question applied to each of the proposals summarised from 1.1.1.1 to 1.1.1.5 above, responses to the proposals are summarised below from section 2.2 to 2.4.
- 2.1.4 In addition, the Respondent provided further suggestions regarding fees and future funding that are summarised at section 2.5 below.

2.2 Increase to fee rates (including fee caps) by 3.6%

- 2.2.1 The Respondent noted that a 3.6% Jersey Retail Prices Index (**JRPI**) figure from December 2017 was employed in the Consultation Paper and suggested the JFSC may have used this figure incorrectly given that the March 2018 JRPI (3.2%) was available at the date the response was made to the Consultation Paper.
- 2.2.2 Beyond querying the rate of inflation employed, the Respondent did not object to inflationary increases in principle.

JFSC response

- 2.2.3 The Consultation Paper was released on 3 May 2018. The March 2018 JRPI figure was released on 18 May 2018. As such, the 3.6% figure in the Consultation Paper is correct as "the most recent annual rate of Jersey inflation prior to publication", as stated at 3.1.1 of the Consultation Paper.
- 2.2.4 Given that a more recent figure is available at the date of this Feedback Paper, the JFSC has estimated the fees that will be generated employing the more recent JRPI figure (3.2%) and finds that this will come close to achieving the intended income for the 2018/19 year detailed at 3.2.2 of the Consultation Paper.
- 2.2.5 As the Response to the Consultation Paper encouraged the JFSC to employ this more recent figure, the JFSC finds that employing the 3.2% JRPI figure is broadly compatible with the Fee proposals detailed at 3.2 of the Consultation Paper.
- 2.2.6 The JFSC highlights that this approach would necessarily work in the same manner should the more recent JRPI figure have been higher than the most recently available JRPI figure at the date the Consultation Paper was published.
- 2.2.7 For this reason, the FSB, AIF and CIF and CoBO fee rates, with the exception of JPF annual fees, will be increased by 3.2%.

2.3 Increase JPF annual fees by 100%

- 2.3.1 The Respondent raised concerns that the proposed 100% increase from £500 to £1,000 for the JPF annual fee was non-inflationary.

- 2.3.2 The Respondent stated that future non-inflationary increases could have a detrimental impact on the use of the JPF regime which may work against the best economic interests of Jersey.
- 2.3.3 In light of this potential impact, the Respondent called for a commitment from the JFSC not to implement future non-inflationary increases to the JPF annual fee.
- 2.3.4 The Respondent requested clarification over what the nature of supervisory activity referred to at 3.2.8 of the Consultation paper would be.
- 2.3.5 The Respondent provided additional commentary detailed at 2.5 below featuring suggestions around alternative fee models including aspects of the JPF regime.

JFSC response

- 2.3.6 The JFSC is sensitive to the concerns raised by the Respondent that future non-inflationary increases could have a detrimental effect on the JPF regime.
- 2.3.7 The JFSC notes the request to commit to avoid future non-inflationary increases.
- 2.3.8 The JFSC cannot provide an absolute commitment to non-inflationary increases across its regulatory fees base in perpetuity, however, notes that the proposed uplift of 100% for the year from July 2018 to June 2019 for the JPF annual fee represents a significant additional cost in percentage terms. As such, the JFSC confirms that for the fee periods beginning July 2019 and July 2020 there will be no more than an inflationary increase in the JPF annual fee.
- 2.3.9 The JFSC notes the request to provide additional information regarding supervisory activity.
- 2.3.10 The JFSC appreciates the interest expressed, however, draws attention to the explanation at 3.2.8 of the Consultation Paper: “to increase the stability of our revenue base and to reflect some potential knock-on reduction in the use of Expert Funds, as well as provision of resource to carry out appropriate supervisory activity”.
- 2.3.11 Further information regarding the JFSC’s Supervisory activities is available within the JFSC’s 2018 Business Plan.
- 2.3.12 The increase of 100% to the JPF annual fee from £500 to £1,000 will be applied.

2.4 Increase QSMA fees by 7.5%

- 2.4.1 No comments were provided in relation to the QSMA fee proposal.

JFSC Response

- 2.4.2 As no comments were provided the proposed increase of 7.5% to QSMA fees will be applied.

2.5 Summary of additional comments

- 2.5.1 No comments were received regarding the wording relating to late payment of fees to make clear that interest becomes payable from the due date.
- 2.5.2 The Respondent considered the fee uplifts since the 2016/2017 fee year to be “shock” fee increases and suggested that similar increases should be avoided.
- 2.5.3 The Respondent stated that they share concerns with the JFSC about declining pools of assets and the knock-on effect on fees.
- 2.5.4 The Respondent offered assistance in performing comparative testing of comparable regulatory and product fees in competitor jurisdictions.
- 2.5.5 The Respondent expressed willingness to engage in further discussions around different bases for levying regulatory and product fees.

JFSC Response

- 2.5.6 As outlined in Consultation Papers No.10 2015, No.3 2016, No. 2 2017 and No.3 2018 the increases in Regulatory Fees from the 2016/17 through 2018/19 fee years have seen the JFSC’s staged approach to achieving a revenue base that is 15% above the fees levied in the 2015 calendar year.
- 2.5.7 Due to the composition of certain fees, notably CIF and FSB fees which rely on the pools of assets measure, this staged approach (with a clearly stated revenue target) resulted in over-inflationary increases in fee rates during the 2016/17 and 2017/18 fee years to achieve the required amount of fee income.
- 2.5.8 The JFSC agrees in principle that over-inflationary increases should be carefully considered, yet as the historic bases for charging fees remain in force such increases in fee rates may be unavoidable without a revised methodology for fee levies.
- 2.5.9 This sits in context with the increasing level of activity as demonstrated by the consistent number of regulated businesses and increasing Net Asset Value of funds as well as increasing number of products registered and authorised in Jersey.
- 2.5.10 The JFSC welcomes the renewed interest from the Respondent to exploring viable alternatives to the current charging methodology and, as stated at 3.2.7 of the Consultation Paper, the JFSC remains open to discussions on this subject. The JFSC expect that industry as a whole shall discuss and propose an agreed alternative method for fee collection.
- 2.5.11 The Respondent questioned whether fees adjusted for inflation would enable the JFSC to meet its liabilities over the medium to long-term.
- 2.5.12 The Respondent questioned whether investment in JFSC infrastructure and reserves was required in the medium to long term.
- 2.5.13 The Respondent questioned the extent to which JFSC investment in infrastructure and automation of processes will translate into future cost and human resource savings.

JFSC Response

- 2.5.14 The 2018/19 fee year sees the conclusion of the proposed increase of 15% of the JFSC’s fee income. During this three year period, significant investment has been. We also note that the 15% increase was in nominal, not real, terms.
- 2.5.15 The demand placed on the regulator continues to increase and continual investment in infrastructure as well as re-building reserves will continue to be a priority. Technological investment can help to reduce costs but is more likely to increase efficiency as an initial improvement – e.g. the speed of dealing with applications submitted electronically rather than on paper.
- 2.5.16 The Respondent questioned whether the JFSC has expectations or target income from penalties that might reduce fees.

JFSC Response

- 2.5.17 At 3.1.5 of the Consultation Paper it was stated that no penalties have been received which would reduce the fees proposed. As at the date of this Feedback Paper no penalties have been received which would reduce the fees proposed.
- 2.5.18 The JFSC does not have targets for penalties and would highlight the incompatibility of such targets with the JFSC’s Decision Making Process.
