1 Executive Summary

1.1 Overview

1.1.1 We issued the Consultation Paper on 22 May 2020. The purpose of the Consultation Paper was to seek views on proposals to:

- 1.1.1.1 Increase AIF, CIF, CoBO, FSB and QSMA fee rates by 12.5% with the exception of JPF annual fees;
- 1.1.1.2 Increase JPF annual fees by 2.7%; and
- 1.1.1.3 Explore views on an additional 1.5% increase in fee rates to fund an additional policy development resource devoted to funds matters.

1.2 Feedback received

- 1.2.1 The consultation period closed on 22 June 2020. Two responses were received directly by us and one response was received by Jersey Finance Limited (JFL).
- 1.2.2 Section 2 of this Feedback Paper presents a summary of the substantive comments received and our replies, as appropriate, to each.
- 1.2.3 We are grateful to respondents for taking the time to consider and comment on the proposals. The final Fees Notices can be found from Appendices B to F.

1.3 Next steps

- 1.3.1 For the reasons given in this Feedback Paper, we will proceed with the following increases to the fee tariffs (rounded to £10):
 - 1.3.1.1 Increase AIF, CIF, CoBO, FSB and QSMA fee rates by 12.5% with the exception of JPF annual fees;
 - 1.3.1.2 Increase JPF annual fees by 2.7%; and
 - 1.3.1.3 We will not introduce an additional 1.5% increase in respect of an additional policy development resource devoted to funds matters.
- 1.3.2 The Fees Notices (Appendices B to F) have been updated and will be published on the JFSC website.
- 1.3.3 As in prior periods, the 2020 annual fees will be collected electronically i.e. by bank transfer, and payments will only be accepted, from 1 July 2020. Invoices will be available through the myJFSC portal after this date.

2 Summary of responses

2.1 Structure of this section

- 2.1.1 This section summarises the substantive comments received in response to the Consultation and our responses.
- 2.1.2 The Consultation Paper asked two questions:
 - 2.1.2.1 “Do you agree with the proposed fee rate changes consulted on in this paper?”
 - 2.1.2.2 “Do you have views on the notions outlined at 3.2.7” (views on an additional 1.5% increase in fee rates to fund an additional funds policy development resource).

2.2 Increase to fee rates

- 2.2.1 None of the respondents objected to the proposals, however, a number of questions and clarificatory requests were made. For this reason, the proposals will be implemented as summarised at 1.3.1. Our detailed responses are below.
- 2.2.2 One respondent expressed concern that the increase to fee rates was “another shock increase to fund clients and the users of Jersey’s funds industry” with a potential negative impact on Jersey’s “attractiveness to new funds and fund clients”. The same respondent also noted that Jersey has a “well established and growing funds industry”.
- 2.2.2.1 We recognise the concern that fee rate increases may have a perceived negative impact on Jersey’s competitiveness. In context, we note the strength and continued growth of Jersey’s funds industry, in particular the success of the JPF, the absence of direct evidence that fee rate increases have led to a loss of new business, and the strong evidence of the importance of the regulatory reputation of the JFSC to Jersey’s competitive position.
- 2.2.2.2 Regulatory fees generally form a very small component of the overall costs of funds businesses. The recent fee rate increases across all regulated sectors enable the JFSC to make critical investment in activities that will, in particular, further strengthen and protect Jersey’s capability in countering the threat of financial crime. This is a critical aspect of Jersey’s attractiveness to new funds and new clients. Further detail on these initiatives can be found in the JFSC’s Strategic Roadmap 2020-23.
- 2.2.3 One respondent expressed concern that fee increases supporting the initiatives within the Consultation Paper may be “disproportionately weighted on the funds industry” and stated that it would be “re-assuring to receive the Commission’s acknowledgement that the similar increases have or will be planned across the industries”.
- 2.2.3.1 We draw attention to 3.3.6 within the Consultation which states “The first part of the funds industry’s contribution to the above initiatives were proposed in Consultation Paper No. 4 2019 and similar fee increases have been introduced for other industry sectors as part of their recent fee cycles to ensure the burden of this increased funding requirement is fairly distributed. This consultation introduces the second part of the funds industry’s contribution to the above initiatives.”
- 2.2.4 One respondent stated that “whilst the Commission’s investment in infrastructure/ automation and adding to its reserves is broadly understood within industry, these seem characteristic of short-term funding needs whereas [there is] concern that the large fee increases are permanent in nature;.”
- 2.2.4.1 The strategic investments that we are making as part of our 2020 Business Plan and Strategic Roadmap 2020-22 are multi-year projects and part of our capital cycle that will, in due course, require reinvestment. Developing, then sustaining, the JFSC’s reserves at an adequate level is also a significant and long-term activity. As such, the increases in our fees are designed to accommodate our ongoing investment and do not seek to fund, in one year, the entirety of our current capital investment programme.
- 2.2.4.2 As highlighted in all recent fees consultations, the increases to annual fee rates introduced across all industry sectors are critical to ensuring that we are able “to ensure that the JFSC obtains sufficient funding to carry out its supervisory objectives; to provide additional funding in support of the JFSC’s work in respect of combatting financial crime; to enhance our data analytics capacity and to

provide investment in the JFSC's reserves to return them to a level equal to at least six months' expenditure by 2022."

- 2.2.5 During the consultation period, we met with the JFA to discuss the proposals within the Consultation Paper. The outcome of the discussion was positive in supporting the work of the JFSC, in particular, working collaboratively to mitigate resource pressures, ensuring strong outcomes from international assessments and continuing dialogue on fee structures that are proportionate across the regulatory fees base.

2.2.5.1 We see such dialogue as critical to the success of our interaction with industry and achieving the best possible outcomes in our work. We are pleased to be working toward further strategic discussions about sustainable fees methodologies across industry and intend to develop this dialogue over the course of 2020.

2.3 Views on additional policy resource

- 2.3.1 Two respondents did not support the further increase in respect of a dedicated resource for funds policy development for various reasons. These included that existing products are extensive, do not require refinement, are unlikely to be necessary and that such work would be "skewed towards private equity and professional funds." One respondent supported the further 1.5% increase citing "the importance of Jersey having a credible regulatory framework and [that they perceive] the development of funds-related policy [to be] integral to this."

2.3.1.1 We recognise the concerns raised in respect of the additional increase in respect of funds-specific policy development and, on balance, consider that the additional 1.5% levy should not be introduced at this time.

- 2.3.2 One respondent added that "the JFSC has, in recent years, successfully delivered on the JPF regime, the AIF regime and AIF Code and has managed to do so without a dedicated policy resource".

2.3.2.1 We would highlight that in previous periods of intensive funds-specific policy development such work was clearly factored into the JFSC's business plans and resources allocated accordingly. As outlined in our Strategic Roadmap 2020-23, such funds-specific policy development activity is not generally anticipated and accordingly policy development resources are not generally available for discretionary activities outside of our published plans.

- 2.3.3 The same respondent offered support should there be an urgent need to deploy resource in the area of funds policy.

2.3.3.1 We gratefully acknowledge this, particularly in the context of our comments at 2.3.2.1.

2.4 Other comments

- 2.4.1 One respondent asked whether the JFSC might be eligible for allocations from the Criminal Offences Confiscation Fund ("COCF") to help fund its efforts on the upcoming MONEYVAL assessment.

2.4.1.1 We acknowledge the importance of the COCF in supporting all of Jersey's efforts in countering crime. The JFSC will keep an open mind in relation to possible sources of additional funding.

2.4.1.2 Our general approach to ensuring that we achieve the objectives of our Strategic Roadmap 2020-23, including in countering financial crime, terrorist financing and proliferation is through the fees that we levy from the financial services industry under the Regulatory Laws.

- 2.4.2 One respondent commented, generally, that the “proposed increases seem somewhat high, particularly in the current environment where the Government should be encouraging Business to “get back on its feet””.
- 2.4.2.1 We are sympathetic to concerns that all organisations have at the current time. In the consultation paper, we highlighted that JFSC is closely monitoring and managing its costs in light of the current situation. Even so, the crucial work that we undertake continues with minimal disruption. In this context, the funds industry’s contribution to the final tranche of fees increases consulted on across all industry sectors over the past year is both appropriate and necessary.
- 2.4.2.2 We reiterate that while regulatory fees form a very small part of the outgoings of the majority of regulated businesses, as stated within the feedback to Consultation Paper No. 1 2020 in respect of Investment Business fees, any firms that are experiencing financial constraints as a result of the Covid-19 outbreak that mean they are unable to pay increased fees as they fall due are encouraged to contact their supervisors at the earliest opportunity.
