

11 WIRE TRANSFERS

11.1 Overview of section

1. The *Wire Transfers Regulations* were brought into force on 13 June 2017, following the EU's enactment of the [EU Regulation](#) on 20 May 2015. It implements *FATF Recommendation 16* and promotes an enhanced framework around the traceability of transfers of funds for the purpose of preventing, detecting and investigating *money laundering*, the *financing of terrorism*, or the *financing of proliferation* and other financial crimes.
2. The *EU Regulation* expanded the regulatory requirements with the following objectives:
 - › to prevent the abuse of fund transfers for *money laundering*, *terrorist financing* and other financial crime purposes;
 - › to detect such abuse should it occur;
 - › to support the implementation of restrictive measures; and
 - › to allow *supervised* authorities to access the information promptly.
3. **In Jersey, Regulation 2 of the *Wire Transfers Regulations* gives the *EU Regulation* full force and effect, subject to certain adaptations, exceptions and modifications as set out in its Schedule 1. In this section, any reference to a numbered Article, without further detail, is a reference to the Article so numbered of the *EU Regulation*.**
4. Under the *Wire Transfer Regulations*, the following definitions apply:
 - › “payment service provider” (**PSP**) means a person, being a person registered under the *BB(J) Law*, when:
 - the person is carrying out payment services in or from within Jersey; or
 - being a legal person established under Jersey law, the person is carrying out payment services in any part of the world other than in or from within Jersey
 - › “intermediary payment service provider” (**IPSP**) means a PSP that is neither that of the payer nor that of the payee and that participates in the execution of transfers of funds;
 - › “payer” means a person that is the holder of an account held with a PSP that allows a transfer of funds or value from the account or, where there is no account, a person that places an order for a transfer of funds;
 - › “payee” means a person that is the intended final recipient of transferred.
5. The core requirement is that every wire transfer must be accompanied by specific information (**complete information**) about the payer and the payee, which should be collected and retained by payment service provider or intermediary payment institutions, unless special exemptions and derogations apply, including funds transfers between the British Islands (referred in this section as being the *UK*, Jersey, Guernsey, and the Isle of Man).
6. A PSP should establish for each transfer of funds whether it acts as the PSP of the payer, the payee or as an IPSP. This will determine what information has to accompany a transfer of funds and the steps required to comply with the *Wire Transfer Regulations*.

7. The *Wire Transfer Regulations* also require PSPs to put in place effective procedures to detect transfers of funds that lack the required information about the payer and the payee, and to determine whether to execute, reject or suspend such transfers of funds.
8. In line with the [Data Protection \(Jersey\) Law 2018](#), personal data obtained by PSPs should be used only for the purpose of preventing *money laundering*, *terrorist financing*, or *proliferation financing*. PSPs should ensure the confidentiality of such data.
9. Any record of information on the payer/payee should not be kept longer than is necessary for the purposes of preventing, detecting, and investigating *money laundering*, the *financing of terrorism*, or the *financing of proliferation*.

11.2 Scope of the Wire Transfer Regulations

Overview

Statutory requirements (paraphrased wording)

10. *Under Article 1, the Wire Transfers Regulations shall apply to transfers of funds, in any currency, which are sent or received by PSP or IPSP established in Jersey. These apply to credit transfers, direct debits, money remittances and transfers carried out using a payment card, an electronic money instrument, or a mobile phone, or any other digital or IT prepaid or post-paid device with similar characteristics, irrespective of whether the payer and the payee are the same person and irrespective of whether the PSP of the payer and that of the payee are one and the same. For British Islands-based PSPs, it includes, but is not necessarily limited to, international payment transfers made via SWIFT, including various Euro payment systems, and domestic transfers via CHAPS and BACS.*
11. *Article 2(2) provides the reference to exclusions from the scope of the Wire Transfer Regulations.*
12. *The Wire Transfer Regulations shall not apply to transfers of funds that represent a low risk of money laundering or the financing of terrorism under Article 2(4), such as:*
 - › *transfers of funds, that involve the payer withdrawing cash from the payer's own payment account;*
 - › *transfers of funds to a public authority as payment for taxes, fines or other levies within the British Islands;*
 - › *transfers of funds where both the payer and the payee are PSPs acting on their own behalf;*
 - › *transfers of funds carried out through cheque images exchanges, including truncated cheques.*
13. *By way of exception, under Article 2(3), the Wire Transfer Regulations shall not apply to transfers of funds carried out using payment cards, electronic money instruments, mobile phones or other digital or information technology (IT) prepaid or post-paid devices with similar characteristics, where the following conditions are met:*
 - a) *that card, instrument or device is used exclusively to pay for goods or services; and*
 - b) *the number of the card, instrument or device accompanies all transfers flowing from the transaction.*

14. *By way of derogation, under Article 2(5), the Wire Transfer Regulations shall not apply to transfers of funds within the British Islands to a payee's payment account permitting payment exclusively for the provision of goods and services where all of the following conditions are met:*
- a) *the PSP of the payee is subject to the requirements of the Money laundering Order or the Terrorism Law or is subject to equivalent requirements under enactments of the UK, Guernsey or the Isle of Man;*
 - b) *the PSP of the payee is able to trace back, through the payee, by means of a unique transaction identifier, the transfer of funds from the person who has an agreement with the payee for the provision of goods or services;*
 - c) *the amount of the transfer of funds does not exceed €1,000.*

Guidance notes

15. *A supervised person should have in place systems and controls (including policies and procedures) to ensure the conditions for the exemptions and derogations are met.*
16. *PSPs and IPSPs may demonstrate compliance with the Wire Transfer Regulations if they have in place relevant systems and controls (including policies and procedures) which set out clearly:*
- › *which criteria they use to determine whether or not their services and payment instruments fall under the scope of the Wire Transfer Regulations*
 - › *which of their services and payment instruments fall within the scope of the Wire Transfer Regulations and which do not, and*
 - › *which information relating to transfers of funds is required to be recorded, how this information should be recorded, and where.*
17. *PSPs and IPSPs may demonstrate their compliance with the application of the exemption under Article 2(3) of the EU Regulation when they have procedures for identifying and documenting:*
- › *that transfers by card, instrument or device are for goods or services, where the exemption applies, as opposed to person-to-person transfers and*
 - › *that their systems and controls ensure that the number of the card, instrument, or digital device, for example, the Primary Account Number (PAN), is provided in a way that allows the transfer to be traced back to the payer.*

11.3 Outgoing transfers – obligations upon the PSP of the payer

11.3.1 Transfers for non-account holders

Statutory requirements (paraphrased wording)

18. *Under Article 4(3), the PSP of the payer shall ensure that transfers of funds are accompanied by the following complete information on the payer and the payee:*
- a) *the name of the payer;*
 - b) *a unique transaction identifier (which can trace a transaction back to the payer);*
 - c) *one of either the 'payer's address, official personal document number, customer identification number or date and place of birth;*

- d) *the name of the payee; and*
- e) *a unique transaction identifier (which can trace a transaction back to the payee).*

19. *These requirements apply to all types of transfers outside the British Islands and exceeding €1,000, whether those transfers are carried out in a single transaction or in several transactions which appear to be linked.*

20. *The ‘unique transaction identifier’ is defined as a combination of letters, numbers or symbols determined by the PSP, in accordance with the protocols of the payment and settlement systems or messaging systems used for the transfer of funds, which permits the traceability of the transaction back to the payer and the payee.*

21. *The following derogation applies, allowing for a reduced information to be provided:*

- › *Under Article 5, where all of the PSPs involved in the payment chain are established in the British Islands, the transfer shall include at least the unique transaction identifier (which can trace a transaction back to the payer and payee) for the payer and the payee. If further information is requested by the PSP of the payee or the Intermediary PSP, such information shall be provided within three working days of the receipt of a request for such information;*
- › *Under Article 6, where PSP of the payee is established outside the British Islands, transfers of funds not exceeding €1,000 shall be accompanied by at least: the names of the payer and the payee and the unique transaction identifier.*

Note: For transfers of funds not exceeding € 1,000 the PSP of the payer need not verify the information on the payer unless the funds to be transferred have been received in cash or in anonymous electronic money, or the PSP has reasonable grounds for suspecting money laundering or the financing of terrorism.

11.3.2 Transfers for Account holders

Statutory requirements (paraphrased wording)

22. *Under Article 4(1) and 4(2), where a transfer of funds is made from or to an account, the PSP of the payer shall ensure that transfers of funds are accompanied by the following complete information:*

- a) *the name of the payer;*
- b) *the payer's payment account number; and*
- c) *one of either the payer's address, official personal document number, customer identification number or date and place of birth;*
- d) *the name of the payee; and*
- e) *the payee's payment account number*

23. *These requirements apply to all types of transfers outside the British Islands and exceeding €1,000, whether those transfers are carried out in a single transaction or in several transactions which appear to be linked.*

24. *Under Article 5 and 6 of the Wire Transfer Regulations the following derogation from the requirements of Article 4 apply:*

- › where all of the PSPs involved in a transfer are established in the British Islands, Article 5 of the Regulation requires that the transfer includes a payment account number of the payer and the payee. The account number could be but is not required to be, expressed as the IBAN. If further information (for example, the name and address of the payer) is requested by the PSP of the payee or the IPSP, such information shall be provided by the PSP within three working days;
- › under Article 6, where PSP of the payee is established outside the British Islands, transfers of funds not exceeding €1,000 that do not appear to be linked to other transfers of funds which, together with the transfer in question, exceed €1 000, shall be accompanied by at least: the names of the payer and the payee and the payment account numbers of the payer and of the payee.

Note: For transfers of funds not exceeding € 1,000 the PSP of the payer need not verify the information on the payer unless the funds to be transferred have been received in cash or in anonymous electronic money, or the PSP has reasonable grounds for suspecting money laundering or the financing of terrorism.

AML/CFT/CPF Codes of Practice

25. In the case of a payer that is a company, a wire transfer must be accompanied by an address at which the company's business is conducted, or at which it may be contacted. In the case of a payer that is a trustee, a wire transfer must be accompanied by the address of the trustee.

Guidance notes

26. Linked transactions are defined as at least those transactions that are sent from the same payment account, or from the same payer to the same payee within a short timeframe, for example, within six months. PSPs and IPSPs may demonstrate that they are able to detect transfers of funds that appear to be linked where they provide, in their *policies and procedures*, examples of scenarios where transfers are found to be linked which are relevant to their type of business.
27. The exemptions for transfers within the British Islands arises from expediency, not principle, in order to accommodate transfers by domestic systems like BACS which are currently unable to include complete information. Accordingly, where the system used for a transfer within the British Islands has the functionality to carry complete information, it is considered a good practice to include it, and thereby reduce the likely incidence of inbound requests from payee PSPs for complete information.
28. The verification requirement set out in the *Wire Transfer Regulations* will be met for an account holding *customer* of a PSP where the payer's identity has already been verified by *CDD measures* and is stored, in accordance with the *Money laundering Order*.
29. To meet the technical limitations and to manage cases with multiple account holders and different addresses, the PSP of the payer may demonstrate compliance with the *Wire Transfer Regulations* by documenting the priority given to the payer's information in line with law enforcement purposes to trace the payer and for sanctions screening. For example, by de-prioritising titles and full middle names, whilst prioritising the initial of the given name and the full family name and at least the country and the city of address; or for joint accounts holders to provide both names, giving priority to family name over given names.

11.3.3 Batch Files – payments either inside or outside of British Islands

Statutory requirements (paraphrased wording)

30. *Under Article 6(1), transfers of funds from a single payer to several payees that are to be sent in batch files containing individual transfers shall carry only the payment account number or the unique transaction identifier of the payer, as well as complete information on the payee, provided that the batch file contains complete information on the payer that is verified for accuracy and complete information on the payee that is fully traceable.*
31. *Where the transfer is at or below the €1,000 threshold it need only include:*
 - (a) *the names of the payer and or payee; and*
 - (b) *the payment account numbers of the payer and the payee or a unique transaction identifier if there is no payment account for one or both parties.*

11.4 Incoming Transfers - Obligation on the PSP of the payee and IPSP

Overview

32. Under the Wire Transfer Regulations, the PSPs of the payee and IPSPs are required to implement a targeted and proportionate risk-based approach to the monitoring of incoming fund transfers. The PSP of the payer holds responsibility for communicating all mandatory wire transfer information, which must be transmitted in the designated data fields of the payment message scheme.
33. If the required information on the payer or the payee has been provided only in part (incomplete information) or has not been provided (missing information), there is an increased threat of *money laundering* or terrorist financing presented by anonymous transfers.
34. To address the potential risk presented by such transfers, PSPs of the payee should put in place the following measures, ensuring they are commensurate with and proportionate to the *money laundering* and terrorist financing risks to which the PSP or IPSP are exposed:
 - › effective *systems and controls* to detect transfers of funds that lack required information; and
 - › risk-based *policies and procedures* to determine whether to execute, reject or suspend a transfer of funds that lacks the required information.
35. Effective *policies and procedures* should be set up in a way that reflects the adoption of a risk-based approach and should clearly document the following aspects:
 - › which information relating to transfers of funds has to be recorded, how this information should be recorded, and where it is stored;
 - › which transfers of funds have to be monitored in real time and which transfers of funds can be monitored on an *ex-post* basis, and why;
 - › the obligations of members of staff where they detect missing or incomplete information and the processes they should follow.

36. PSPs of the payee should document which high-risk factors or combination of high-risk factors are to be considered when determining the risk-based approach, for example:
 - › residual risks (risk posed by the types of *customers*, products, services, and delivery channels);
 - › country risks (association with high-risk jurisdictions or relevant sanctions regimes);
 - › unusual value and volume of transactions (compared to their particular business model);
 - › a negative *AML/CFT/CPF* compliance record on the part of the PSP of the payer or the prior PSP in the payment chain.
37. PSPs of the payee and IPSPs should implement three methods of wire transfer monitoring: real-time monitoring, post-event monitoring, and random post-event sampling. It should be determined and documented which high-risk factors (or combinations of high-risk factors) will always trigger real-time monitoring, and which will trigger a targeted ex-post review. In cases where ex-post monitoring identifies concerns, subsequent transfers of funds should always be monitored in real time.
38. In addition to real-time and targeted ex-post monitoring, PSPs of the payee and IPSPs should regularly perform ex-post reviews on a random sample taken from all processed transfers of funds.

11.4.1 Admissible characters or input and missing information checks

Statutory requirements (paraphrased wording)

39. *Under Article 7(1) and Article 11(1), the PSP of the payee and the IPSP respectively shall implement effective procedures to detect whether the fields relating to the information on the payer and the payee in the messaging or payment and settlement system used to effect the transfer of funds have been filled in using characters or inputs admissible in accordance with the conventions of that system.*
40. *Under Article 7(2) and Article 11(2), the PSP of the payee and the IPSP shall implement effective procedures, including, where appropriate, ex-post monitoring or real-time monitoring, to detect whether the payer or payee information listed in those articles is missing.*

AML/CFT/CPF Codes of Practice

41. A PSP of the payee must subject incoming payment traffic to an appropriate level of post-event risk-based sampling to detect non-compliant transfers.

Guidance notes

42. PSPs of the payee and IPSPs may demonstrate compliance with the *Wire Transfer Regulations* by conducting and documenting a risk assessment that covers their payment activities, taking into account the overall volume and jurisdictions of funds transfers and the roles of all bodies involved.
43. PSPs of the payee and IPSPs may demonstrate compliance with the obligation to detect inadmissible characters and inputs if their system's validation rules adopt certain controlling functions, for example, the automatic prevention of sending/receiving of payments/value with inadmissible characters or inputs.

44. Other specific measures may be considered for a “meaningful character check”. For example, in some cases the payer and payee information fields may include incorrect or meaningless information which does not make sense, even if this information has been provided using characters or inputs in accordance with the conventions of the messaging or payment and settlement system, for example, "our client", "my customer", etc. A supervised person may identify these issues by undertaking sample testing, maintaining a list of commonly found meaningless terms and keeping it up-to-date.
45. In addition to real-time and targeted ex-post monitoring, PSPs of the payee and IPSPs may demonstrate an appropriate level of *systems and controls* where they perform ex-post reviews on a random sample taken from all processed transfers of funds.
46. PSPs of the payee and IPSPs may also wish to consider other specific measures, e.g., checking, at the point of payment delivery, that payer information is compliant and meaningful on all transfers that are collected in cash by payees on a “pay on application and identification” basis.
47. PSPs of the payee and IPSPs may draw on existing *policies and procedures* if they are considered sufficient to meet their obligations under the *Wire Transfer Regulations*, as long as those *policies and procedures* are subject to periodic reviews and updates, and training is provided to all relevant members of staff, including persons responsible for processing transfers of funds.

11.4.2 Managing transfers of funds with missing information or inadmissible characters or inputs

Statutory requirements (paraphrased wording)

48. *Under Article 8(1) and Article 12(1), the PSP of the payee and the IPSP shall implement effective risk-based procedures – including the measure referred to in Article 3(5) of the Money Laundering Order – for determining whether to execute, reject or suspend a transfer of funds lacking the required complete payer and payee information and for taking the appropriate follow-up action.*
49. *Under Article 8(2) and Article 12(2), the PSP of the payee and the IPSP should consider the most appropriate course of action on a risk-sensitive basis, which may initially include the issuing of warnings and setting of deadlines. Where the requested information is not provided by the set deadline, the PSP or IPSP should, in line with its risk-based policies and procedures:*
 - a) *decide whether to execute or reject the transfer;*
 - b) *consider whether or not the prior PSP in the payment chain’s failure to supply the required information gives rise to suspicion; and*
 - c) *consider the future treatment of the prior PSP in the payment chain for AML/CFT compliance purposes e.g. rejecting any future transfers of funds from that PSP, or restricting or terminating its business relationship with that PSP.*
50. *Under Article 9, separate from the decision whether to execute, suspend or reject a transaction, missing or incomplete information must be considered as a factor when assessing whether a transfer of funds, or any related transaction, is suspicious and whether a disclosure is to be made under Article 34D(4) of the Proceeds of Crime Law, Articles 21(2) of the Money Laundering Order or Article 21(4) of the Terrorism Law.*

Guidance notes

51. To determine whether to reject, suspend or execute a transfer of funds in compliance with Articles 8 and 12, PSPs of the payee and IPSPs may consider the *money laundering, terrorist financing, or proliferation financing* risks associated with that transfer of funds and document it, for example:
 - › what *money laundering, terrorist financing, or proliferation financing* concerns the type of missing information gives rise to; and
 - › what high-risk indicators have been identified that may suggest that the transaction presents a high *money laundering, terrorist financing, or proliferation financing* risk or gives rise to suspicion of *money laundering, terrorist financing, or proliferation financing*.
52. PSPs of the payee and IPSPs may demonstrate implementation of effective risk-based *policies and procedures* by documenting and recording all of their actions and reasons for their actions or inaction, including:
 - › making a decision on rejecting the transfer and informing the prior PSP in the payment chain of the reason for the rejection;
 - › making a decision on execution of the transfer and sending of a request for information, before or after crediting the payee's payment account or making the funds available to the payee;
 - › all appropriate follow-up steps taken to obtain the response, including the issuing of warnings and setting of deadlines, before either rejecting any future transfers of funds from that prior PSP or restricting or terminating its *business relationship* with that prior PSP.

11.4.3 Failure to provide information

53. *Under Article 8(2) and Article 12(2) should the PSP of the payer repeatedly fail to provide the required information on the payer or the payee, even after warnings and deadlines, the PSP of the payee or IPSP shall take further steps by:*
 - › *either rejecting any future transfers of funds from that PSP; or*
 - › *restricting or terminating its business relationship with that PSP.*
54. *The PSP of the payee or IPSP shall report that failure, and the steps taken, to the JFSC.*

Guidance notes

55. A range of criteria may be used in order to assess whether a PSP of the payer or IPSP is 'repeatedly failing' to provide information, for example:
 - › the percentage of transfers with missing information sent by a specific PSP or IPSP within a certain timeframe;
 - › the percentage of follow-up requests that were left unanswered or were not adequately answered by a certain deadline;
 - › the level of cooperation of the requested PSP or IPSP relating to previous requests for missing information;
 - › the type of information which is missing.

56. The report to the *JFSC* should be completed without undue delay and contain the following information as set out in the *JFSC* form at [Appendix E1](#) of *this Handbook*:
- › the name of the PSP of the payer or IPSP identified as repeatedly failing to provide the required information;
 - › the country in which the PSP of the payer or IPSP is authorised;
 - › the nature of the breach, including:
 - the frequency of transfers of funds with missing information;
 - the period of time during which the breaches were identified; and
 - any reasons the PSP of the payer or IPSP may have given to justify their repeated failure to provide the required information.
 - › details of the steps the reporting PSP of the payer or IPSP has taken, including the issuing of warnings or deadlines up until the decision to restrict or terminate the relationship was made.
57. The obligation to report applies only to circumstances where information requests are not fulfilled and the PSP of the payee or IPSP invokes measures which restrict or terminate the *business relationship* with the PSP of the payer. The reporting requirement does not apply where a request for information is fulfilled by the PSP of the payer.

11.4.4 Additional obligations on IPSPs

Statutory requirements (paraphrased wording)

58. *Under Article 10, the IPSP shall ensure that all the information received on the payer and the payee that accompanies a transfer of funds is retained with the transfer.*

Guidance notes

59. IPSPs should satisfy themselves that their *systems and controls* enable them to comply with the requirement that all information on the payer and the payee that accompanies a transfer of funds is retained with that transfer. As part of this, IPSPs should satisfy themselves of their system's ability to convert information into a different format without error or omission.

11.5 Reporting of breaches

Statutory requirements (paraphrased wording)

60. *Under Article 21(1), PSPs shall notify the JFSC of any breaches of the Wire Transfers Regulations.*
61. *Article 21(2) requires PSPs to establish appropriate internal procedures for their employees, or persons in a comparable position, to report breaches internally through a secure, independent, specific and anonymous channel, proportionate to the nature and size of the PSP.*

62. *Under Regulation 3 of the Wire Transfers Regulations, a relevant person who contravenes any requirement of Article 21(2), shall be guilty of an offence and liable to imprisonment for a term of 2 years and to a fine. This applies to all PSPs and IPSPs, irrespective of the capacity within which the PSP or IPSP is acting.*

Guidance notes

63. *A supervised person should ensure that any breach of the Wire Transfer Regulations is promptly reported to the JFSC.*
64. *The report to the JFSC should be completed without undue delay and contain the following information as set out in the form at [Appendix E2](#) of this Handbook:*
- › *the specific provision in the Wire Transfer Regulations which has been breached;*
 - › *the nature of the breach, including its cause;*
 - › *the date the breach was identified by the PSP; and*
 - › *where possible, a summary of the measures taken by the PSP in relation to the breach and any subsequent changes to its systems and controls (including policies and procedures) to mitigate against a recurrence.*
65. *A supervised person should establish policies and procedures for the internal reporting of breaches of the Wire Transfer Regulations and maintain a record of those breaches and action taken, ensuring sufficient confidentiality and protection for employees who report breaches committed within the supervised person.*

11.6 Information, data protection and record retention

Statutory requirements (paraphrased wording)

66. *Under Regulation 3 of the Wire Transfers Regulations, a relevant person who contravenes any requirement of Articles 14, 15(2) or (3), or 16 of the EU Regulation shall be guilty of an offence and liable to imprisonment for a term of 2 years and to a fine. This applies to all PSPs and IPSPs, irrespective of the capacity within which the PSP or IPSP is acting.*
67. *Under Article 14 of the EU Regulation, a relevant person shall respond fully and provide without delay all requested information concerning wire transfers to Jersey authorities responsible for preventing and combating money laundering or terrorist financing.*
68. *Under Article 15(2) of the EU Regulation, personal data shall be processed by PSPs only for the purposes of the prevention of money laundering or terrorist financing and shall not be further processed in a way that is incompatible with those purposes. The processing of personal data for commercial purposes shall be prohibited.*
69. *Under Article 15(3) of the EU Regulation, PSPs shall provide new customers with the information required pursuant to the Data Protection (Jersey) Law 2018 before establishing a business relationship or carrying out an occasional transaction (i.e. a one-off transaction). That information shall, in particular, include a general notice concerning the legal obligations of PSPs under the EU Regulation when processing personal data for the purposes of the prevention of money laundering or the financing of terrorism.*

70. *Article 16 of the EU Regulation requires that information on the payer and the payee shall not be retained for longer than is strictly necessary. PSPs of the payer and of the payee shall retain records of the information referred to in Articles 4 to 7 for a period of six years.*

Guidance notes

71. The “authorities responsible for preventing and combating money laundering or terrorist financing” described in Article 14 of the *EU Regulations* should be understood in Jersey to be the JFSC and the States of Jersey Police, including the JFCU.

11.7 Offences and criminal liability

Statutory requirements (paraphrased wording)

72. *Under Regulation 3 of the Wire Transfers Regulations, a relevant person, whether acting in the capacity of PSP of the payer, PSP of the payee or an IPSP, who contravenes any requirement of the specific provisions of the EU Regulations, which have effect in Jersey by virtue of Regulation 2, shall be guilty of an offence and liable to imprisonment for a term of 2 years, and to a fine as follows:*

- › *PSP of the payer - Articles 4, 5, 6 (see section 11.3 Outgoing Transfers - Obligations upon the PSP of the Payer);*
- › *PSP of the payee - Articles 7, 8, 9 (see section 11.4 Incoming Transfers - Obligations upon the PSP of the payee and IPSP);*
- › *IPSP - Articles 10, 11, 12 (see section 11.4 Incoming Transfers - Obligation upon the PSP of the payee and IPSP).*

73. *In deciding whether a person has committed an offence under the Wire Transfers Regulations, the court shall take into account whether the person followed any relevant guidance that applies to the person and which was at the time issued, adopted or approved by the JFSC under any other enactment.*

74. *A person shall not be guilty of an offence under the Wire Transfers Regulations if they took all reasonable steps, and exercised all due diligence, to avoid committing the offence.*

75. *Under Regulation 4(1) of the Wire Transfers Regulations, if an offence under these Regulations committed by a limited liability partnership, a separate limited partnership, any other partnership having separate legal personality or a body corporate is proved to have been committed with the consent or connivance of:*

(a) a person who is a partner of the partnership, or a director, manager, secretary or other similar officers of the body corporate; or

(b) any person purporting to act in any such capacity;

the person is also guilty of the offence and liable in the same manner as the partnership or body corporate to the penalty provided for that offence.

76. *Under Regulation 4(2) of the Wire Transfers Regulations, if the affairs of a body corporate are managed by its members, paragraph (1) applies in relation to acts and defaults of a member in connection with the member’s functions of management as if they were a director of the body corporate.*
