# 1 Introduction

## 1.1 Background

- 1.1.1 We have been collecting supervisory risk data from reporting entities since 2018.
- 1.1.2 In support of the legal persons and arrangements national risk assessment (2023 LPA NRA<sup>i</sup>), the JFSC collected data in 2022 from the Trust Company Business (TCB) sector regarding the Trusts they administer.
- 1.1.3 Section 3.4 of Consultation Paper No.9 2023<sup>ii</sup> notes that, as well as informing the 2023 LPA NRA, the data on Trusts administered by TCBs is valuable in informing our risk understanding of the TCB sector. Consequently, we proposed continuing to collect the data on an annual basis.
- 1.1.4 Consideration of risk at a national level is an ongoing activity therefore we may provide an aggregated view of the information collected to other Jersey authorities for risk assessment purposes. No individual Trust or TCB will be identified as part of data sharing.

## 1.2 Scope

- 1.2.1 This guidance document relates to Section II of the 2024 risk-based supervision data collection which requires the provision of activity based data from Reporting Entities registered to carry on TCBs where they, or one of their participating members, administers a trust.
- 1.2.2 Where a Reporting Entity is an Affiliation Leader, its responses to the questions in the Excel workbook should cover all members of that affiliation.
- 1.2.3 For the purpose of this data collection TCB is defined in Article 2(3) and (4) of the Financial Services (Jersey) Law 1998 (FS(J)L) (as at 31 December 2024) as follows:

*and in the course of providing those services the person provides any of the services specified in paragraph (4).*

*(4) Those services are –*

- (a) acting as a company formation agent, a limited liability company registration agent, a partnership formation agent or a foundation formation agent;*
- (b) acting as or fulfilling the function of or arranging for another person to act as or fulfil the function of director or alternate director of a company;*
